REWORKED

fashion pieces

Tied Ends presents unique reworked fashion pieces, fueled by the aspiration to place creativity at the core of our fashion journey. Establishing a connection between the present-day fashion industry and a more collaborative vision for the future. Each creation is one of a kind, giving shape and elevated form to what was given to us. Making fashion items no longer disposable, but part of an eternal cycle of creation.

OVERVIEW

available for rental

I firmly believe in access over ownership, and creativity is at the heart of this movement. No matter what tools you use to create, the true instrument is you. I aim to offer accessibility to my designs through rental rather than sales. Not only does this make my designs more accessible, but it also initiates a cycle wherein the designs are consistently looked after with the same love and care as when they were first created.

Tied Ends designs are included in many projects, featured in various magazines, and showcased in diverse locations. I get so much joy from witnessing the collaboration of creative minds, as they come together to bring their unique visions to life. This all adds value to the co-creative engagement I desire as a designer.
